# GUIDANCE NOTES

## Completion of the obsolete pesticide booking form

### General Information

Completed forms should either be sent by fax to the CleanFarms Ghana campaign office or delivered to the nearest **Ministry of Food and Agriculture Office, EPA Office** or **Farmer Association Outlet with a CleanFarm Sign**.

For more information please contact

#### CleanFarms Ghana

Tel: 021 939031 028 9553592 or 029 708890  
info@cleanfarmsghana.net www.cleanfarms.net

The information gathered on these forms will be used by the **CleanFarms Ghana** project only for planning the eventual collection and destruction of obsolete pesticides and empty pesticide containers. The information supplied will be kept secure by the project and will not be shared with any other parties outside of the **CleanFarms Ghana** project, except where necessary to manage the project. Details of the Terms of Use of this information are given at the CleanFarms Ghana website or are available on request from **CleanFarms Ghana** at the contact numbers above.

### Tips on completing the book form

When completing the form by hand write clearly using **CAPITAL** letters.

#### Address and contact details

Please complete all contact details as these will be used to contact you before the collection process begins.

#### Full Product Name

The full product name is that which is shown on the container, for example **Karate 5EC, Dithane 45M** and not **Karate** or **Dithane**.

#### Manufacturer

The manufacturer should be mentioned on the product label as either the manufacturer or the company holding the registration. The manufacturer might also be the distributor when the manufacturing company has offices in Ghana.

#### Packaging

Enter details on the type, size and condition of the pesticide packaging, if containers are leaking give the % leaking.

#### Total

Estimate to total volume of each obsolete pesticide (number of containers multiplied by the volume per container).

#### Register of empty pesticide containers

Count or estimate the number, type and size of empty pesticide containers. Also indicate whether these containers have been **TRIPLE RINSED**. For more information on Triple Rinsing contact the CleanFarms Ghana Office or CropLife Ghana.
